Dear Ms. Cristarini:

RE: AgPolymer C4

This is in response to your emails of February 20, 2013 and February 22, 2013 and in reference to your email of October 1, 2012, wherein you requested our comments on the acceptability of the subject product for use in food packaging applications.

The subject coating is intended to be used on the surface of the non-edible rind of hard and semi-hard cheese stored at refrigeration temperature.

Based on the information provided, we can advise that we see no reason to object to the use of the subject product as proposed, provided it is technically suitable for the intended end-use.

Yours truly,

Marina Vivas
